

Clear Creek Angus

15TH ANNUAL PRODUCTION SALE

03.06.2023

1 PM BEAR PAW LIVESTOCK, CHINOOK, MONTANA

70 ANGUS YEARLING BULLS | 15 HEREFORD YEARLING BULLS BY SPECIAL GUEST WEAVER HEREFORDS
4 REGISTERED ANGUS REPLACEMENT HEIFERS | 40 F1 BALDY REPLACEMENT HEIFERS

15 Years!! Yes, it's hard to believe this will be our fifteenth Annual Production Sale. We have been blessed by the support of many neighbors, friends, and fellow cattlemen and women whom share many of the same goals as we do. Producing a female that will remain in the herd for many years, and bulls that will add pounds and be structurally correct to with stand the harsh elements of Northern Montana. We would like to invite old customers as well as new to our 15th Annual Production Sale!

We have kept the same philosophy over the years when breeding these cattle for future generations. We want to supply our customers with good honest cattle and honest numbers to back them up. We strive to produce cattle with length, growth, bone, and good feet and legs. Our goal is to produce a bull that will not only improve your herds genetics but will stay sound and productive for several years. On the female side we want a cow that can go out and earn a living while producing a big calf. We expect these cows to breed back in a timely fashion and if they can't they go to town.

I truly feel this is the best set of bulls we've had to offer to date. This will be the top 55% of the calf crop with a large majority being AI sired. The quality runs deep in the sale this year! We will have a good offering of both powerful cow bulls and calving ease bulls.

Once again, we will be offering 4 Registered Heifer calves this year. These are top heifers and come right out of the replacement pen. The only reason for selling is they belong to the kids and they are at their limit for numbers. Fred And Katie Olsen will be offering a top notch set of 40 F1 baldy replacement heifers again this year. This has been a sale highlight for a few years now and all reports on these heifers has been great!

We would be humbled and honored to have you join us to view some cattle and enjoy a great lunch on March 6th!!

Teddy, Sara, Kruz, Jaxton, & Kane

INSURANCE

As always we will offer our first breeding season guarantee but in addition this year we are offering insurance on the bulls. If you choose the option of insurance Clear Creek Angus will pay 50% of the premium for you. We feel this is another great way for us to stand behind these bulls. Please study the options and decide which is best for your operation.

FIRST BREEDING SEASON GUARANTEE

- Breeding season is defined as 90 days after bulls are turned out with cows.
- All bulls are covered 50% minus salvage value.

RETAINED INTEREST

We will be retaining a 1/3 revenue sharing interest on every lot selling. Full ownership goes to the buyer. If we choose to have semen collected, it'll be at our cost and your convenience.

ONLINE SALE HOSTING

The sale will be hosted on DVAuction.

DVAuction
Broadcasting Real-Time Auctions

**Visit www.DVAuction.com

+8	+1.0	+85	+149	+26	+1.01	+77	+56	+78	+94	+62

Primo is a Stellar son that has been an absolute standout since birth. 232 is a calf that puts it all together, he has a big hip, square top line and stands on a solid foot. He crushed the scale with an actual WW of 815 for a ratio of 112. 232 Ranks top 1% for CEM top 4% WW & YW and top 10% \$W. His dam is A Bear Paw daughter who raised Clear Creek Hickock 713 which seen heavy use in the Peterson Grain & Cattle program as well as ours. She has an impeccable udder and is very easy keeping. A full sister to Primo will have a son selling as lot 19 which will be our leadoff Homemade calf. Cow bull.

220 is another Stellar son that is a spitting image of the lot 1 bull. This Stellar son comes with a moderate birth weight and big Act. WW of 815 for a ratio of 112. He scores top 9% CED on his genomic test and top 17% for WW. Possibly the deepest ribbed bull in the offering, with a good hip. We purchased his dam from Fleisch angus a few years back and she is doing an excellent job for us. She has a good udder and is sound. Should work on heifers.

Stellar is a bull we continue to use in our AI program. We calved his first daughters last year and they are great. They will fix any udder issues and hold flesh really well. The Stellar daughters also bred back very good and in a timely fashion. His sons are deep ribbed with excellent feet and muscle structure. Selling 13 Sons!

In my opinion Authentic might be as good of a herd sire prospect as we've raised. He checks all the boxes from maternal and growth to carcass. Phenotypically he has been a standout since birth and continues to catch the eye at the development center. He crushed the scale at 835 pounds Act WW for A ratio of 123 off of a 12-year-old dam. Ranks top 3% \$C, 4% \$B, 10% YW, 10% HP, 15% WW, and 25% \$M & \$W. His Upward dam is one of the best cows we've owned. She gets no special treatment and continues to bring in top calf after top calf. She is 13 this year and is once again caught AI. Excellent udder and feet. Cow bull.

LOT 7 & Dam 016

240 is another one of my favorite Exclusive sons. Extra length and growth in this scale crusher. He posted an Act. WW of 820 for a ratio of 114. His dam is an excellent own daughter of Connealy Arsenal. She has a touch more growth with an excellent udder. Cow bull.

2111 will be our lead off bull of the 1717 sire group. The 1717 calves last year were one of our top selling sire groups. They will be a touch more moderate with ample thickness and eye appeal. He is as good of a calving ease bull as you will find. 2111 is March 1st calf that just catches the eye every time I go through the pen. The dam to 2111 is a really easy keeping Upward daughter with great feet and udder. Heifer bull.

Weaver Herefords

Welcome,

We would like to welcome everyone to the 15th Annual Clear Creek Angus Bull Sale. We want to thank Teddy and Sara for allowing us to market our bulls through their sale. We sure do appreciate our customers and would like to say a huge Thank You to everyone of the past bidders and buyers. It is really gratifying for us to hear that our bulls are working well for our customers.

Our cattle come from the real world and receive no special care. The bulls are never creep fed or have never seen irrigated pastures. Our goal is to raise problem free, easy calving and fast explosive growth cattle. We feel that the quality runs deep in this set of sale bulls. The bulls have been back poured with Cydectin, vaccinated with Cattlemaster Gold FP 5, and Blackleg booster. They have also been vaccinated twice with the Footrot vaccine.

Check out our website, www.weaverherefords.com for videos of the bulls or you can view them at any time at the ranch. You can also view them the afternoon of March 5th at Bear Paw Livestock.

The cattle market keeps getting higher and sounds like it could get higher this fall. We wish everyone a healthy, and prosperous year ahead. Looking forward to visiting with you down the trail.

- Don & Dolly Weaver

This heifer is bred really well with Exclusive and Stellar in the pedigree. Granddam is 11 years old this year and caught AI again. She posts 8 calves at 105 for weaning. This heifer will make an excellent cow.

Commercial Heifers

LOT H1 - 10 HEAD OF F1 BALDIES

These heifers are all out of Weaver Hereford cows and Clear Creek bulls. This will be a super fancy set of true F1 baldies that will make excellent cows going forward. All previous reports on these females have been very positive. Heifers have had Vista Once, Vision 8 with Somnous, Enforce 3, pour on, and will come bangs vaccinated. For more information call Fred Olsen at 406-395-5933

LOT H2 - 30 HEAD OF F1 BALDY HEIFERS.

This group of heifers are all out of Fred and Katie's herd. They will have a heavy influence of Weaver Hereford genetics. Another excellent set of heifers that are about a month younger than the H1 lot. These heifers will make an excellent set of momma cows. No baldy replacements kept back out of this herd. Same vaccination protocol as the last lot. For more info call Fred at 406-395-5933
