# WELCOME!

What a year!

In past years I had preached that our cattle market is coming, just hang on.

Now is the time, we are seeing higher prices every week. Is it too high? Not even close. Consumers demand to know where their food is coming from, plus a worldwide shortage of protein is creating this drive. All of this suits our Northern beef industry.

How long will it last? We're not seeing any expansion in the lowest cattle inventory in a long time. The next years will be record prices, but you still need pounds to push down the scales for dollars per head to cash in on these times.

Let's enjoy the ride!

After 46 years, one item remains consistent at Rambur Charolais – uniformity translates into profitability.

Our top end runs deeper. The main reason is our ruthless female culling for calving ability, fertility performance and carcass traits. Our cow base can offer your balances in all traits, from birth to consumer.

I am confident in our offering and invite your closest scrutiny of our whole operation. I know it is a busy time of the year, and I will do all I can to assist our buyers on feeding and shipping arrangements - whatever will work for you. If you cannot be here, we can help with your purchases. Satisfaction guaranteed, or you don't own them - no hassles.

Representative of Superior Livestock, Sidney Livestock Market Center, and Prewitt and Company will be here to visit with you and assist you in marketing of your Charolais and Angus calves.

Thank you for coming and if you have any questions, feel free to call me or any of the sale personnel.

*Howard Rambur*

Can't make the sale? Bid from home with DV Auction's 'real-time' internet bidding service!

Buying online is as easy as 1, 2, 3 . . .

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the 'Register' tab and watch our online bidding tutorial.
2. Apply for bidding approval by clicking on the 'Details' tab at least 24 hours prior to the auction. A DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding:** if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the 'Proxy Bid' tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? Call **Tami** at 308-878-3661 or email [dva@dvauction.com](mailto:dva@dvauction.com) for pre-sale bidding approval. Videos will be available for viewing prior to the sale at [www.dvauction.com](http://www.dvauction.com).

## Explanation of Performance Terms

- BW:** Birth Weight, 40% inheritable, 60% nutritional
- 205 WT:** 205 Adjusted Weight, 30% heritable. They are corrected weights as if every calf was born the same day.
- ADG:** Average Daily Gain on a 120-day gain.
- W/D/A:** Weight per Day of Age.
- 365 WT:** 365-Day Weight, 60% to 65% heritable.
- SC:** Scrotal Circumference, in centimeters.
- P/S:** Bulls that developed scurs since weaning time. **SCURS REMOVED.**
- PLD:** Smooth Polled

## Terminal Sire Index (TSI)

The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (BWT, WWT, YWT, REA, HCW, MARB and FAT) into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like single trait EPD. For example, if Sire A's index is \$191.66 and Sire B's index is \$200.00, then we would expect Sire B's offspring to average \$8.34 more net return (\$200 minus \$191.66) than Sire.

TSI: 254/50%

**NOTE: We will be retaining  
1/3 semen interest on ALL BULLS.**

Commercial buyers, don't be scared away by this. Commercial buyers are encouraged to purchase these bulls at the price they feel the bull is worth to them. You own full possession of the bull, all salvage value and control his destiny. Our intention is to collect semen from the bull at some point in time at the buyer's convenience and only as an option. Also, in the case of semen sales, this 1/3 semen interest gives us a continuing business involvement and also provides extra income to the buyer.

Diamond - Blue Star we are attaining success with.

We are bringing him back out of the semen tank. His females and sons are too good with EXCELLENT TSI.

Partners with Wild Indian Acres, Missouri - working out great in both programs. They look good from day one.

*Thanks for Coming - see you Next Year!*

## **BIDDING:**

Each animal will be sold to the highest bidder without reserve. The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final

## **TERMS:**

Terms of sale are cash and settlement must be made immediately after the completion of the sale.

## **PURCHASER'S RISK:**

Each animal become the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser until loaded for shipment.

## **CERTIFICATE OF REGISTRY:**

From the American International Charolais Association, or American Angus Association, a transferred certificate to the buyers will be furnished upon request.

## **BREEDER'S GUARANTEE:**

1. All bulls have received a complete breeding examination from High Plains Veterinary Clinic and are fully guaranteed breeders. Bulls must be demonstrated to be non-breeders, barring accident or illness, under normal conditions at the first breeding season. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value, in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price.
2. In case animals in question should develop to be a problem breeder due to negligence or improper management by the purchaser, the sellers guarantee does not apply. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller and animals returned must be free of disease and in good condition.
3. Even though all bulls are examined in March, it is still a good management practice to have your local veterinarian test your purchase before breeding turnout.

## **RIGHTS AND OBLIGATIONS:**

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.
2. Neither the American Charolais Association, the sale manager, nor any other person connected with the management of the sale assumes any liability, legal or otherwise.

## **HEALTH:**

All cattle are certified to go anywhere in the United States. Cattle purchased by Canadians will have to pass proper certification to enter Canada. Rambur Charolais will cover all expenses to obtain certificates with purchase refund if not obtainable.

## **SHIPPING:**

All bulls sold \$3000 and over will be delivered free for the first 300 miles to your nearest attended central livestock yards; beyond that actual costs not to exceed \$500 per head.

## **MORTALITY AND FIRST BREEDING SEASON LOSS OF USE COVERAGE:**

If insuring your reeding bulls is a management tool that you use, we recommend taking advantage of this program.

Rambur Charolais will make available loss of use coverage, at purchase price, for the first breeding season for Rambur Charolais bulls sold in the April 2024 sale. The coverage will provide traditional bull mortality coverage which provides coverage for death from natural causes, including life threatening injuries.

The coverage has been extended to include loss of use in the first breeding season.

In case animal in question should develop to be a problem due to negligence or improper management by the purchaser, the sellers insurance does not apply. The coverage will be available at time of settlement for those who choose to insure their bulls. The policy will insure the bulls from the date of sale until September 1, 2024. All claims will require a veterinarians examination and written statement to substantiate claim. Under the loss of use extension of coverage, the bulls inability to naturally service cows must be diagnosed by a veterinarian and immediately reported to Rambur Charolais, including veterinarian statement. A claim shall occur if after 14 consecutive days following the date of diagnosis and first report, the bull cannot be returned to natural service. This loss of use claim will be settled by Rambur Charolais as follows:

1. The bull will be replaced with a bull of equal value if acceptable to customer.
2. Credit at following production sales for amount insured. the cost of coverage will be 5% of the purchase price. Buyers who do not request coverage sale day will not have coverage available at a later date.

Salvage value, if any, belongs to Rambur Charolais with the insured animal delivered a purchasers expense to the nearest sale barn.
