Welcome!

TO REDD RANCHES
WHERE PERFORMANCE IS EVERYTHING!

With Redd Ranches bulls incorporated into your herd you will have

more live calves, faster efficient gains, superior quality premium beef, more profitability. Over 20 years of birth to meat counter have shown Redd Ranches cattle make more money. They survive better, grow faster on less feed and grade better. If you want to improve your cattle, get more pounds weaned per cow bred, more profitable cattle; you need to use bulls that will improve your productivity and potential to profit.

The bulls in this sale are the result of over a hundred years of continual testing and improvement. With over a century of High-Altitude Genetics. Their mothers have never missed. Their sires are the best in the world. There are 70+ years of AI (artificial insemination), generations upon generations of breeding the best to the best to produce better cattle.

These bulls have been born, raised, developed and on test on the ranch. They were born on the ranch in Paradox and have stayed on the ranch. Weaned from our high mountain country (8,500 ft elevation) to a bare minimum ration of home-grown alfalfa, winter range, and the top optimum nutritional QLF product to give the bulls every opportunity to thrive and produce to the best of their genetic ability with no fluff. Along with range exposure and daily exercise.

Redd Ranches bulls are bulls with years of the best genetics in the world, they've had optimal vitamins and nutrition for solid feet and phenomenal fertility. Their docility is off the charts with a calm demeanor and an ease of working.

These bulls have the potential to make your life better, and we know they'll be your favorite employees! Our cattle earn their keep.

Performance is Everything!

Jennifer Redd Westfall
Paul & Diane Redd

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

ALL NEW PUREBRED PLATFORM
Bid.SuperiorLivestock.com

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at superiorlivestock.com.

VIEWING THE AUCTION ONLINE

The auction will be broadcast online at Bid.SuperiorLivestock.com and the pre-recorded videos will also be hosted there prior to and on sale day. You do not need an account or login just to watch the auction.

ONLINE BIDDING.

Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account if you wish to bid (there is no registration required just to watch the auction). Once you have created an account, request a buyer number and you will then be able to bid online with the largest and most trusted cattle marketing entity in North America. Superior's new platform allows you to see both the live stream of the auction AND the pre-recorded videos on one screen at the same time!

TURN IN BIDS OVER THE PHONE

This is Superior's suggested bidding method for anybody who does not have consistent, high-speed internet. You still must register an account at Bid.SuperiorLivestock.com and request a buyer number and upon doing so you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on.

**FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS PLEASE
CALL SUPERIOR AT (800) 422-2117.**

If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.

PAP TESTING

PAP RISK CATEGORY FLOW CHART

Location of PAP Test: Paradox Colorado "Redd Ranches"

Elevation 5,300 feet. Tested on February 19, 2024

Bulls Are 12 Months of Age on Average.

HIGH ELEVATION TEST CHART

PAP SCORE	USE AT LOW ELEV. (<4,000 FEET)	USE AT MODERATE ELEV. (4,000 - 5,500 FEET)	USE AT HIGH ELEV. (5,500 - 7,500 FEET)
34-39	Low Risk	Low Risk	Low Risk
40-45	Low Risk	Low Risk	Low Risk
46-49	Moderate Risk	Moderate Risk	Moderate Risk
>50	Moderate Risk	Moderate Risk	High Risk

Timothy N. Holt, DVM

We at Redd Ranches are not ignoring the PAP epd, as we select sires to use in our A.I. program we consider the PAP epd, but do not solely select sires from it. As the PAP epd gains accuracy and a truer base we will incorporate it into the epd's we provide on each animal in our sale.

We have chosen to at this time to continue to give you the actual PAP score taken on each animal. This score represents over 40 years of full herd PAP testing and eliminating all those animals (bulls and females) in our herd that score above a 45, add that to 107 years of running our cattle at high elevations and we've got one of the largest longest running High-altitude PAP herds in the nation. We feel that this accumulation of low PAP testing animals is the best we can do as a producer in taking care of our high elevation buyers. If you have any questions concerning this, please let us know or call Tim Holt, DVM

IGENITY PROFILE

IGENITY provides the beef industry with the most comprehensive genetic profile of multiple traits of economic importance. The insights gained from an IGENITY profile help producers make more confident selection, management and marketing decisions. The IGENITY profile includes multiple-marker analyses for traits such as: Average Daily Gain, Tenderness, Choice, Stayability, Maternal Calving Ease and Feed Efficiency.

PROFILE SCORE ADVANTAGES:

To assist cattle producers in understanding the value of DNA technology, IGENITY has developed a scoring system for each trait using a scale of 1 to 10. Higher values are not necessarily better, they simply indicate that the animal has the potential for more of that trait. The following descriptions and table (Table 1) are useful in defining each trait and reflect the relative difference expected in animals compared to contemporaries with an IGENITY profile score of 1.

SCORE INTERPRETATION

AVERAGE DAILY GAIN (ADG)

Based on pounds of gain per day. The Igenity score for Average Daily Gain (ADG) identifies genetic potential for post-weaning growth.

CALVING EASE(CE)

Greater probability a calf will be born unassisted out of a first-calf heifer, including birth weight and shape of the calf. A higher value is greater calving ease.

STAYABILITY (STAY)

The chance a heifer will remain in the herd as a productive cow until at least six years of age. A higher value is desired.

CHOICE

The IGENITY profile scores for Quality Grade and Marbling reflect extremely powerful multiple marker analyses which are indicative of an animal's potential for intramuscular fat deposition and Choice or better Quality Grade carcasses. Choice shows an indication of an animal's ability to grade and marble.

FEED EFFICIENCY (FEED)

This is an indicator of feed efficiency. It is the difference in animals' daily consumption of feed to achieve the same level of daily gain. Lower RFI indicates greater feed efficiency.

TENDERNESS (TEND)

Genetic potential for beef tenderness (Warner-Bratzler Shear Force). A higher 1-10 score is more tender.

INDEX SCORES

IGENITY PRODUCTION INDEX (IPI)

The Igenity Production Index is well balanced for maternal, production and carcass progeny traits. It is designed for producers who raise their own heifers and want broad improvement across multiple traits. Weightings: Stay 30%; CEM 10%; ADG 15%; RFI -15%; Marb 20%; Tend 10%.

IGENITY MATERNAL INDEX (IMI)

This index is highly maternal and designed to select replacement heifers for fertility, longevity, moderate cow size and higher weaned calf weight. It is a tool developed for producers who sell calves at weaning or after a short backgrounding period. Trait Weightings: CED 5%, CEM 5%, HPG 5%, Stay 25%, WW 30%, -20% YW, -10% RFI.

i k l m n t s

KEY

a	Lot #	k	Weaning Weight Ratio The weaning weight of the calf, adjusted to 205 days and adjusted for the age of the cow compared to his herd mates.	p	Scrotal Circumference Adjusted to yearling age, in cm. Large scrotal circumference indicates greater service capacity, daughters will tend to be more fertile and productive cows. Use scrotal circumference to improve total herd fertility.
b	Name of Animal			q	Pulmonary Artery Pressure Used to help avoid, "Brisket Disease." Scores of 42 and less are recommended for ranches above 7,000 ft. Ranches lower than 7,000 ft. have little risk of, "Brisket," or, "High Mountain Disease."
c	Dam's Year of Birth	i	Calving Ease Direct EPD (CED) (CED) Is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is part of a calf's weaning weight attributed to milk and mothering ability.	r	EPD Base. Each breed association has their own EPD base that they choose to use. To assist our customers in comparing bulls against each other we have adjusted each animal in this catalog to the Red Angus base (RA).
d	Color	m	Average Daily Gain A measure of the bull's gain performance while, "on test."	s	Igenity Production & Maternal Indexes
e	Polled or Scurs	n	Adjusted Yearling Weight Ratio. Computed by adding the 205 day adjusted weight to the gain since weaning. It combines weaning and gain to give a complete picture of the bull's growth. Note: Adj. Yearling Wt. is the best performance measure of the bull.	t	DNA Scores
f	Registration Status	o	Frame Score Adjusted for age to help predict mature size.		
g	Percent of Breed (Example shown is 97% Red Angus) R - Red Angus A - Angus H - Hereford G - Gelbvieh S - Simmental T - Tarantaise				
h	Date of Birth				
i	Actual Birth Weight				
j	EPD's in lbs. (Expected Progeny Differences)				

RED ANGUS

"The First Real Performance Breed," the best thing that has ever happened to our cow herd, no more cancer eye or spoiled udders, more live calves weaned, more pounds of calf wean per cow bred. With a Red Angus cowherd, you have many good options: replacements, or terminal crosses that will grade choice.

BLACK ANGUS

Easy calving, high growth, quality carcass, they own the market, the market loves black because they assume black means Angus, the Angus Association is working hard giving us more improvement tools. Black or Red, Angus cattle are known for traits that can make a real difference in a cow herd.

TERMS & CONDITIONS

All bulls will be sold to the highest bidder where there are two or more bids. The auctioneer will settle all disputes as to bids. Announcements made from the auction block take precedence over any printed matter. The terms of the sale are cash. All settlements must be made immediately following the auction.

Every bull in the sale is, to the best of our knowledge, free from any disease or defect. Every bull has been test-ed for Pulmonary Artery Pressure (PAP),Trichomonas, BVD and passed a breeding soundness exam. All bulls are guaranteed to be breeders. If a bull fails to breed after a six month trial, the bull may be returned to Redd Ranch-es in Paradox, Colorado. Redd Ranches reserves the right to try the bull for six months and if it proves to be a breeder, to return it to the buyer at the buyer's expense. If the bull proves to be a non-breeder, an adjustment will be made by Redd Ranches, either by substituting a bull mutually agreed upon as being of equal value, or credit in the next Redd Ranches Bull sale, or by refund of the full purchase price. Redd Ranches assumes no other liability, legal or otherwise, to make any further compensation to the buyer should a bull purchased in this sale be a non-breeder. No other warranty of any nature is expressed or implied.

BULLS LEAVING COLORADO

Every effort has been made to obtain the necessary health permits/tests to allow bulls to travel on sale day to neighboring states. In the event additional test/permits are required, Redd Ranches will obtain the necessary permits and coordinate delivery with the buyer.

MAIL & PHONE BIDS

We encourage you to come and see the bulls personally. However, that's not always possible. We will do what-ever we can to help you get to the bulls you need. You have the option to place a phone bid directly with Redd Ranches, it will be handled confidentially and honestly. It is recommended that you call a day or two before the sale to discuss what you need and what is most important in your selection. To Place a direct phone in bid with

Redd Ranches call: 800-442-855 Jennifer's Cell: 970-640-7543

FREE DELIVERY

Redd Ranches offers free delivery 500 miles to central corrals, 1000 miles on 40+ bulls. Trucking is done by semi and by ranch truck trailer where possible, depending on how loads end up. We appreciate the cooperation between buyers in sharing corrals and meeting the truck at central locations. Even if you have been buying bulls at Redd Ranches for 50, please give the cashier complete transfer and delivery instructions. Your suggestions on a central corral for your area will help.

1/2 INTEREST SALES

Buyer receives full possession and salvage of the bull. Redd Ranches reserves the right to collect the bull at the buyer's convenience, and reserves ½ breeding interest, which is the right to register calves and to sell semen collected by Redd Ranches.

LIABILITIES

Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Redd Ranches assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We do everything we can to determine the correct parentage with DNA testing.

Delivering Nutrition and More . . .

Advantages of Feeding Quality Liquid Feeds Supplements, Enjoy a Wide Range of Benefits:

- Increased forage intake and utilization
- Greater Vitamin Stability
- Superior Phosphorus Source
- No Equipment Costs (lick tank provided)
- Convenience
- Economical (Cost less than half of tubs)
- Palatability (Cows think its yummy)
- Decreased Labor Requirements (We do all the work)
- Monitored Weekly with Keep Full Program

GRANDPA
"Archies"
BARBEQUE SAUCE

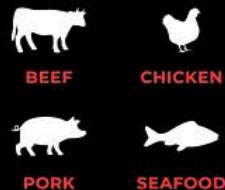

This is the Sauce
of all Sauces!

A sauce unlike any other sauce you've ever tasted! Originally brought into our family by Grandpa Arch in the 1940's and has been served at our annual Redd Ranches Bull Sale in Paradox, Colorado ever since. We have customers who request this sauce by the gallons, that eat this sauce with a spoon, who use an entire bottle at one mealtime. Yes, it's that good. Douse it, smother it, enjoy it!

BBQ
SAUCE

Available for Purchase Online
May 1st
www.theredroots.com

Also use to season meatloafs, chilis, soups, burritos, atop sandwiches, wraps, to spice up potatoes and various sides. Use it with ANYTHING!

It's a flavor slayer.

INGREDIENTS: Tomato concentrate from red ripe tomatoes, Vinegar, Brown sugar, Dry mustard, Worcestershire sauce, Fresh Garlic, Onion, Chili powder, Salt, Celery Seed, Cayenne pepper.

Refrigerate after opening.
