Snowy Mountain Angus

Dear Fellow Cattlebreeders:

We would like to take this opportunity to extend an invitation to our 8th Annual Bull Sale, which will be held on Tuesday March 21, 2023 at the Lewistown Livestock Auction Yards, starting at 1:00 pm. We hope to see you there!

This pen of bulls have been selected as our top end bulls that provide optimal calving ease, efficient gain, eye appeal, and phenomenal growth. This past fall, we culled harder on the bulls than ever before creating a solid, uniform set for the sale. As you look through this catalog, you will find some exciting new outcross genetics to compliment your existing herds.

This group of bulls have been fed out by Jeremy Grove of Porter Ridge Livestock, LLC located near Moccasin, MT. We invite you to stop by anytime and check out this great pen of bulls. If you have any questions or need information, please feel free to contact me at any time.

As we all know and felt, these past two years have tested everyone involved in agriculture in Central Montana. Another dry year for our area that pushes people and their cattle to the absolute limits. We have seen higher cull rates than normal on our mama cows in the past couple of years. But if there's a silver lining, we are left with a very solid herd of females that can handle just about anything you throw at them and have proven it. It hasn't always been fun, but so far, we are still standing.

Even though the past couple of years have been less than ideal on several accounts, the Good Lord still cook care of us and our cattle. I was so thankful for the amount of feed efficiency bred into my cattle herd so they could hold their own in less-than-ideal feeding conditions during droughty conditions. The cows weaned off a super nice set of calves this past fall that I had absolutely no complaints about. The bulls hit the ground running like they normally do at Jeremy's feedlot. This set of bulls is a very heavily muscled group and we are completely confident they will walk into the ring on sale day packing plenty of flesh to stay in shape during their first breeding season, without being too fat to get the job done.

Please join us for lunch starting at noon at Lewistown Livestock Yards. Thank you for your time and consideration and we look forward to seeing you at the sale!

Theresa Abegglen, *Snowy Mountain Angus*
406-366-0292 • 406-374-2222 • ffatheresal@yahoo.com

Welcome to our 8th annual bull sale! It's hard to believe it's this time of year again and that the green grass will soon be growing! Every year, we say the same thing, but we do feel so incredibly blessed to be in this industry. We are proud to be serving all of our customers and are so appreciative of your steadfast support to our program. We continue to have cattle scattered throughout, but thankful for each and every lease opportunity and every day we can continue to raise our children in this amazing way-of-life. With summer pasture not available until June, we made the decision to move our calving date back several weeks; trying to navigate the conflict with our AI schedule and putting cows on the truck.

We are confident in our genetics and the quality of our cattle. There is a lot to be said of their performance, especially in the adverse conditions of the past few years. This offering of bulls was no exception. They were fed out at our home feedlot again this year. By adding a mixer wagon, we were better able to utilize our feed and the bulls did phenomenal with a ration of alfalfa and grain hay. Being hand-fed twice daily with a B-15 amino pellet from Hubbard feeds, the docility is very present. We couldn't be more pleased with their performance and growth. Stop by anytime you want to walk through the bulls or just come say hello. Again your feedback is extremely valuable to our program and our success. We look forward to seeing you sale day!

Sale Order

Bulls will sell in catalog order

EPDs

EPDs are current as of 2/24/2023. Updated EPDs can be viewed at www.Angus.org

Terms and Conditions

All cattle sell under the terms and conditions of the American Angus Association. Terms of the sale are cash on sale day, unless prior arrangements have been made. Announcements made the day of the sale take precedence over all the printed information.

Delivery

We are offering free deliver on all bulls up to 300 miles with a total purchase of \$3000.00 or more. The balance of the distance will be at a cost. Bulls will be delivered starting anytime after the sale at a convenient time for both parties, but arrangements must be made before April 15th.

We are also offering a \$50 credit if you pick your bull up the day of the sale.

Sight-Unseen Purchases

If you are unable to attend, but wish to place a bid, call any of the sale day phones. Your satisfaction is guaranteed. Our sale will be broadcast live on DVAuction.com. Please call Jay Rost at 406-978-2124 for auction information. See page 5.

This sale will be broadcast live on the internet.

1st Year Guarantee

We are guaranteeing our bulls for the first breeding season for any bull purchased over \$3000. A breeding season is defined as the 90-day period following the first turnout of the bull. If a replacement bull is available, he will be provided or if the buyer prefers, credit toward one bull will be given in the following sale, less salvage value of the injured bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage.

Registrations

Transferred on request of buyer.

Retained Interest

All consignors will retain 1/3 semen interest in all bulls sold.

Fertility

Rockin L bulls were fertility tested by Clear Creek Veterinary; Dr. Logan Potts, DVM. Snowy Mountain Angus bulls have been tested by Laurie Gaugler. Every bull has tested negative for BVD.

Liability

All persons attending the sale do so at their own risk, legal or otherwise for their own safety or the behavior of the animals. The owner's and sale staff assume no liability for property loss or any accidents that may occur.

Zeus is a herd sire we retained from Dallas' Pathfinder cow, Francine. He has been an absolute standout from birth and his bull calves carry the same herd bull look. His heifers are deep bodied and have incredible capacity. Zeus will be a pillar in our herd for years to come. He has been a very special bull to us and keeps Dallas a huge part of our operation.

Musgrave Feature has been an incredible outcross for this operation. He has a lot of depth and mass to his progeny. He's a very smooth, long, growthy bull that has been extremely consistent in both heifers and bulls. We have his first females in production this year and they have been phenomenal.

We picked up this Counselor son from Cory and Sarah Foss of Pleasant Valley Angus from Sidney, MT. He has done an amazing job for the past two years. He has a ton of calving ease without sacrificing any growth. I have yet to pull any calves out of this bull. His calves have a ton of length and enough depth to pack pounds into their frames.

Leachman Spur is a bull we picked up from Marlo Leachman of Toston and has been an incredible herd bull for us. He has a ton of length and growth. This is the first set of calves out of him and they are very consistent. Both heifers and bulls carry a lot of the same traits- length, docility, and phenotypically correct.

This is the first bull out of a Counselor son I bought from Cory and Sarah Foss from Pleasant Valley Angus in Sidney. 218 is an absolute standout out of a first calf heifer and is a true match for his name. He really is FULLY LOADED!! He packs a ton of muscle mass in all of the right places. He's going to generate a lot of pounds when you sell your calves in the fall. This heifer has a very bright future and has started off on the right foot- NR 1@116!

This is a cowman's bull right here. Heaviest weighing bull we had at the feedlot in January as well as the heaviest bull off the cow last fall. He was the first Zeus bull calf born last winter and the first Zeus bull offered in the sale. Bossman is the type of bull that's going to put pounds on the ground for you and calves that won't miss a beat. He's been catching our eye since the day he was born and hasn't let up one bit since he went in on feed.

This bull checks all of the boxes as far as performance goes. The only thing he's missing is a set of ears! He's out of a great Pathfinder cow we picked up from Krebs Ranch in 2018 and has performed very well in the Big Sky State. This bull was the second highest weaning bull last fall. His numbers lean toward calving ease, but I definitely wouldn't trust him on heifers. He carries a lot of high birthweight in his background. His dam reports a NR of 5@105

This is another stellar Zeus son. He packs a great deal of muscle into a more compact frame. He would be a great bull to use on cows. He carries his muscle in a very smooth way- top to bottom, side to side, and front to back. He's going to generate a lot of pounds in your calves. This young damn reports a NR of 2@103

This is a great heifer bull prospect right here. He has a ton of lineage packed into his pedigree that is hard to beat- Hoover Dam, Connealy Lead On, Barstow Cash and SAV Bismarck just to name a few of the top ones. He carries a lot of calving ease, but is matched by just as much growth. You won't be sacrificing anything with this bull.

This Spur son is showing a lot of calving ease numbers, but could throw a little weight at you from time to time. He would be fine on larger framed heifers, but could see a little more birthweight from time to time.

This is the final Spur son offered in the sale and could be a heifer bull prospect. He's out of a young CCA Upward 065 daughter. The 065 daughters have always been phenotypically correct and have a nice deep frame with a ton of capacity and this daughter is no different.

This is the last Feature son in the sale out of a beautiful Identity daughter. This cow is 10 years old this year and had held her shape for an entire decade with great feet and a perfect udder. She hasn't missed a beat since we bought her as a replacement heifer. She reports a NR of 7@101!

This year we will be donating 25% of the proceeds from this heifer to Dave & Becky Grantier. There are great people in the world and then... there are the Grantiers. Genuine, salt-of-the-ear, hardworking, trustworthy folks. They play a vital role in the Winnett community with their business; B&D Service. They are always there to lend a hand, lend equipment, or lend an ear. Day or night, rain or snow; friend or foe, they drop everything.

Dave has been through a lot this past year with his Type I diabetes, daily dialysis and now received life-changing news that he is on the kidney transplant list. Dave & Becky will be traveling to Aurora, CO and we hope that these funds can help alleviate the burden of some of those costs. We are honored to call them friends and ask you to keep them in your prayers.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.
